The simplest data query?

```
{
  "lists": [
    {
      "id",
      "items": [
        {
          "id",
          "what",
          "when",
          "byWho": {
            "id",
            "name"
          }
        }
      ]
    }
  ]
}
```

The simplest data query?

```
{
  lists {
    id
    items {
      id
      what
      when
      byWho {
        id
        name
      }
    }
  }
}
```
